

## PageRouter with TeraMessages

### Send TeraMessages to Blackberry and other smartphones

*TeraMessages are NOT email or SMS Text Messages.*

Reduce response time to critical messages sent to staff with Blackberrys, other smartphones and Wi-Fi devices.

Use TeraMessage to deliver messages to Blackberry smartphones *within seconds*. TeraMessage is a faster and reliable alternative to email and SMS messaging, without the unwanted transmission delays caused by high traffic bottlenecks in Hospital email servers and busy commercial cellular SMS message service.

### Downstream critical messages

As a new option of the PageRouter Message Management system, TeraMessage becomes your preferred choice to downstream critical messages to staff with Blackberrys, other smartphones and Wi-Fi devices.

### TeraMessage becomes your Private Messaging System

TeraMessage can communicate with thousands of Blackberrys in your corporation to provide a **Private Messaging System** for delivery of critical messages within seconds.

### Key benefits

- ✓ Staff can send messages between Blackberrys and from **unlimited network computers** using a browser.
- ✓ With TeraMessage, senders will always automatically **receive read confirmation** once the recipient has read the message.
- ✓ Staff can send messages with **multiple attachments**.
- ✓ TeraMessages are encoded with a **high level encryption** to protect every message and attachment.
- ✓ **Detailed messages and corresponding read confirmations**, with date and time stamp, are stored in the PageRouter's Log.

## Other message destinations

You can also integrate sending messages to **email, Onsite and Commercial pagers.**

## Total message integration

Optionally, you can benefit from total message integration to reduce operating costs and to improve patient care and safety.

By adding other options to PageRouter, you can send messages from:

- ✓ Nurse Call Systems
- ✓ Medical equipment
- ✓ Electronic Directories
- ✓ From other wireless systems
- ✓ You can send event-driven notifications from Alarms and Monitoring devices.

## Proven Technology

Canamex Communications solutions are in operation at many Hospitals in the USA and Canada.

Contact us for a demonstration of TeraMessage and to configure a system tailored to your specific needs.
