

## QUIKPAGER Wireless for pushbutton response

ALPHA4 GOLD  
Pager

- Designed for rugged application.
- Strongest vibrator of all the pagers in the market.
- You may set alerts with a loud beep.
- The display has an excellent backlight.
- Pager delivered with holster and battery. Refer to pager brochure.

Respond to alerts from pushbuttons in SECONDS! Page specific instructions per pushbutton. Send typed messages from the keyboard. Page using touch-tone telephones.

### QUIKPAGER Wireless QPW-5W

- Stand-alone keyboard.
- Program 200 names with pagers.
- Create up to (8) Groups of any number of users.
- You do not need a computer to program functions.
- Program up to (6) canned messages. *i.e.*: *Go to the front. Go to warehouse.*
- 5 Watt paging transmitter with wall mount unit for better coverage.

### QUIKPAGER Wireless with Voice Prompts QPW-5W-VP

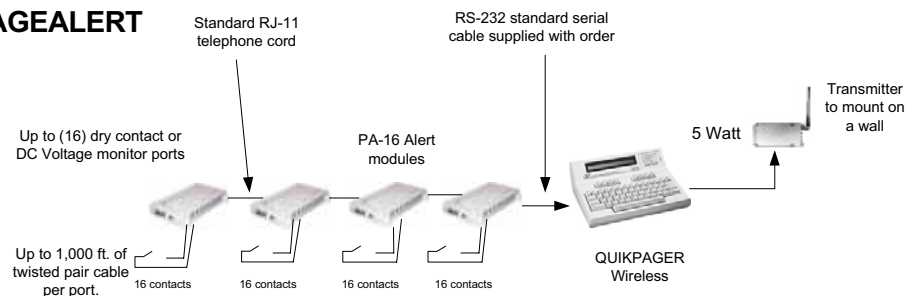

The same as the QPW-5W with the addition of paging from any touch-tone telephone:

- Connect (1) analogue PBX line to the back.
- Dial the extension and QUIKPAGER answers.
- QPW-5W-VP answers with voice prompt "enter your pager ID".
- Then it asks to enter a phone number as a message.
- You can trigger one of the (6) text canned messages with touch-tones.
- Voice prompts can be overridden at any time when entering touch-tones.

Fast typing  
Stand-alone

### PAGEALERT

- Monitor up to (96) ports by adding PA-16 modules.
- Each PA-16 module has 16 ports to monitor "dry-contacts" or "Voltage DC" contacts.
- Page on contact closure, open or both. You may program delays and repeats per port.
- Program an (18) character canned text message per port.
- Assign each port to one user or a Group.
- NO NEED OF COMPUTER TO PROGRAM PORTS.
